

# Markis Johnson

## Founder and CEO

Markis Johnson is the CEO of Unlimited Bounds Human Services LLC which he founded on November 5, 2007 as Unlimited Bounds Youth Services LLC. With a passion for mentoring the youth of Baltimore, Mr. Johnson contracted with the Maryland Department of Juvenile Services to work with young people with behavioral health issues. In 2011, Unlimited Bounds Youth Services adopted the medical model while integrating holistic models to provide behavioral health care for children and adults as a means to better serve families and communities as a whole via Psychiatric Rehabilitation.

After many years of assessing the appropriateness of service for the behavioral health needs of consumers as Program Director, Mr. Johnson realized the greater need of additional service models that Psychiatric Rehabilitation could not solely provide. Mr. Johnson's desire to approach behavioral health care in a holistic manner naturally led to establishing Unlimited Bounds Human Services which includes Psychiatric Rehabilitation, Intensive Outpatient/Outpatient Substance Use Disorder services and an Outpatient Mental Health Clinic. Mr. Johnson's goal is to reduce the frequency of disjointed care coordination and provide a more client centered approach which seeks to address all manners of service needs.

Under Mr. Johnson's strategic leadership, Unlimited Bounds Human Services has received accreditation from Commission on Accreditation of Rehabilitation Facilities (CARF) and seeks to continually excel in the standard of care set forth by the accrediting body. It is Mr. Johnson's hope that Unlimited Bounds Human Services will have the privilege to become one of Maryland's leading choices for community behavioral healthcare.
